"What do you fellows want to go in there for," cried this gentleman to the disgruntled strikers, as he waved a hand toward the council chamber. "Then guys at it there as draw big pay and then don't give a hoot about you fellows. You want to organize if the city don't want to pay you what you want. You want to go in there and give us a chance and we'll let you up all the way in the whole city. Then see what they'll do. Make those strike drivers in there come to you on their knees."
